INDEX TO AUTHORS

JANUARY TO DECEMBER, 1945

A

Allcroft, Ruth.—Vitamins in Animal Health, 215 and 263.
Arnold, R. H.—(See Ottaway, C. W.)

B

Blaxland, J. D.—(See Gordon, R. F.)
Blaxland, J. D., and Gordon, R. F.—Zinc Phosphide Poisoning in Poultry, 108.
Blaxter, K. L., and Price, H.—Variations in some Physiological Activities of Dairy Cows, 18 and 39.
Buxton, A.—(See Gordon, R. F.)

C

Campbell, J.—An Infectious Enteritis of Young Turkeys associated with Cochlosoma sp. 255.
Conn, W. B.—(See Edwards, R. A.)

D

Dransfield, J. W.—The Lymphatic System of the Domestic Fowl, 171.
Duran-Jorda, F.—Local Hæmopoiesis as seen in the Abomasum of Cow and Sheep, 191.

E

Edwards, J. T.—The Study of Animal Behaviour from the Veterinary Aspect: or, the Importance of Prosecuting the Study of Animal Behaviour and Suggestions for its Development as a Field of Veterinary Endeavour, 10 and 33.
Edwards, R. A., and Conn, W. B.—An Air-raid Injury, 94.

G

Ginsberg, A.—The Action of Three Different Bacon-Brines on Pathogenic Bacteria, 123.
Gordon, R. F.—(See Blaxland, J. D.)
Gordon, R. F., and Blaxland, J. D.—The Occurrence in England of Outbreaks in Poultry of so-called "Pullet Disease" of America, 3.
Gordon, R. F., and Buxton, A.—A Case of Food Poisoning in Man, probably caused by Consumption of a Duck Egg, 131.
Gould, G. N.—Disease Control and Milk Production, 232.

H

Hagri El, M. A. A. M.—Study of the Arterial and Lymphatic Systems of the Udder of the Cow, 27, 51 and 75.
Heath, G. B. S.—The Use of D.D.T. against Sheep Keds, 180.
Hignett, S. L.—(See Roach, R. W.)

L

Lang, W. W.—Impaction of the Cæcum, 154.

M

McCunn, J.—Castor-Bean Poisoning in Horses, 136.

O

O'Connor, J. J.—Lameness in Horses, 204.
Ottaway, C. W., and Arnold, R. H.—A Case of Intersexuality (Hermaphrodism) in a Horned Goat, 150.

P

Paterson, A. B.—The Diagnostic Value of Rothera's Test on Milk, 199.
Price, H.—(See Blaxter, K. L.)

Q

Quin, A. H.—Laryngotracheitis in the Fowl, 112.

R

Rainey, J. W.—Human and Bovine Tuberculosis, 147.
Rainey, J. W.—The Relationship of Bovine to Human Tuberculosis, 195.
Roach, R. W., and Hignett, S. L.—Chemotherapy in the Treatment of Chronic Bovine Mastitis, 88 and 99.

S

Salt, F. J.—Detection of Zinc Phosphide, 111.
Savage, W.—Milk Production and Human Disease, 236.
Scott, W. M.—The Pathogenesis of the Soil—a Plea, 156.
Sneyd, F. B.—Observations on the Condition relating to the Sale of Thoroughbred Horses at Public Auctions, 66.
Spriggs, D. N.—Double External Os in Cattle, 138.
Sumner, K. C.—Eggs of *Fasciola hepatica* in an Unusual Situation, 181.

T

Taylor, J. A.—The Presence of a Left Cranial Vena Cava in a Dog, 242.
Tippett, S. G.—Active Immunisation as against Passive Segregation with Reference to Tuberculosis, 259.

W

Wentworth, Baroness.—Colic from Redworms in the Mesenteric Artery, 243.
Wilde, J. K. H.—Experiments to Ascertain the Effect of Certain Chemical Substances on Anthrax Spores, 64.

GENERAL INDEX

JANUARY TO DECEMBER, 1945

A

Abomasum of Cow and Sheep, Local Hæmopoises as seen in the, 191.
Acetonæmia, Bovine: A Vitamin-A Deficiency, 249. (Abstract.)
Activities, Physiological, of Dairy Cows, Variations in some, 18 and 39.
Air-raid Injury, 94.
Anaplasmosis transmitted by the Horse-fly, 250. (Abstract.)
Animal Behaviour, the Study of, from the Veterinary Aspect, 10 and 33.
Animals, the Blood Volumes of, 162. (Abstract.)
Anthracis, Bacillus, Differentiation from Non-pathogenic Aerobic Spore-forming Bacilli, 210. (Abstract.)
Anthrax, Penicillin in, 209. (Abstract.)
Anthrax Spores, Experiments to ascertain the Effect of Certain Chemical Solutions on, 64.
Arterial and Lymphatic Systems in the Udder of the Cow, Study of, 27, 51 and 75.
Arteriosclerosis in Chickens, 251. (Abstract.)
Artery, Mesenteric, Colic from Red Worm in, 243.
Artificial Light, Effects on Growing Chicks, 211. (Abstract.)
Auctions, Public, Observations on the Conditions relating to the Sale of Thoroughbred Horses at, 66.

B

Bacon Brines, the Reaction of Three Different, on Pathogenic Bacteria, 123.
Beef Production, 244. (Abstract.)
Behaviour, Animal, the Study of, from the Veterinary Aspect, 10 and 33.
Blood Volumes of Animals, 162. (Abstract.)
Bovine Acetonæmia — a Vitamin-A Deficiency, 249. (Abstract.)
Bovine and Human Tuberculosis, 147.
Bovine Brucellosis: Differential Diagnosis between Infected and Non-Infected Cows from Blood Plasma, 185. (Abstract.)
Bovine Mastitis, Infectious, Accurate Diagnosis of, 249. (Abstract.)
Bovine Tuberculosis, Relationship to Human, 195.
Brines, Bacon, the Reaction of Three Different, on Pathogenic Bacteria, 123.
Brucellosis, Bovine: Differential Diagnosis between Infected and Non-Infected Cows from Blood Plasma, 185. (Abstract.)
Brucellosis, Caprine, in the United States, 250. (Abstract.)

C

Cæcum, Impaction of, 154.
Calves, Cod-liver Oil as a Feed Supplement in, 161. (Abstract.)
Campaign against Cattle-Bugs — Warbles, 163. (Abstract.)
Caprine Brucellosis in the United States, 250. (Abstract.)
Carotene Requirements of Cattle, 164. (Abstract.)
Case of Intersexuality (Hermaphrodism) in a Horned Goat, 150.
Castor-Bean Poisoning in Horses, 136.
Cattle-Bugs (Warbles), Campaign against, 163. (Abstract.)
Cattle, Carotene Requirements of, 164. (Abstract.)
Cattle, Cobalt Deficiency in, in Upper Michigan, 164. (Abstract.)
Cattle, Double External Os in, 138.
Chemical Solutions in Anthrax Spores, Experiments to Ascertain the Effect of Certain, 64.
Chemotherapy in the Treatment of Chronic Contagious Mastitis, 88 and 99.
Chickens, Arteriosclerosis in, 251. (Abstract.)
Chicks, Growing, Effects of Artificial Light on, 211. (Abstract.)
Cholera, Hog, in the United States, 95. (Abstract.)
Chronic Contagious Mastitis, Chemotherapy in the Treatment of, 88 and 99.
Cobalt Deficiency in Cattle in Upper Michigan, 164. (Abstract.)
Cochlosoma sp., an Infectious Enteritis of Young Turkeys, associated with, 255.
Cod-liver Oil as a Feed Supplement in Calves, 161. (Abstract.)
Colic from Red Worms in the Mesenteric Artery, 243.
Control, Disease and Milk Production, 232.
Cow and Sheep, Local Hæmopoises as seen in the Abomasum of, 191.
Cow, Udder of, Study of the Arterial and Lymphatic Systems of, 27, 51 and 75.
Cows, Dairy, Variation in some Physiological Activities of, 18 and 39.
Cystic Ovaries of Cows, Hormonal Therapy in, 250. (Abstract.)

D

Dairy Cows, Variation in some Physiological Activities of, 18 and 39.
D.D.T. against Sheep Keds, the Use of, 180.
D.D.T. Treatment of Manure to Control the House-Fly, 162. (Abstract.)
Deficiency, Cobalt, in Cattle in Upper Michigan, 164. (Abstract.)
Deficiency, Vitamin-A, in Bovine Acetonæmia, 249. (Abstract.)
Detection of Zinc Phosphide, 111.
Diagnosis, Accurate, of Bovine Mastitis Infections, 249. (Abstract.)
Diagnosis of Hog Cholera, 251. (Abstract.)
Diagnostic Value of Rothera's Test on Milk, 199.

Differentiation of Bacillus Anthracis from Non-pathogenic Spore-bearing Bacilli, 210. (Abstract.)
Disease Control and Milk Production, 232.
Disease, Human, and Milk Production, 236.
Dog, Presence of Left Cranial Vena Cava in a, 242.
Double External Os in Cattle, 138.

E

Editorials:—
Animal Husbandry in the Colonies, 25.
Bovine Mastitis, 73.
Fundamental Research, 169.
Genital Abnormalities in the Goat, 146.
How Goes the Future? 253.
New Methods and Techniques, 189.
Poisoning in Livestock, 97.
Poultry Diseases, 1.
Royal Veterinary College Veterinary Medical Association, 213.
Victory, 121.
War and our Food, 49.
Effects of Artificial Light on Growing Chickens, 211. (Abstract.)
Egg, Duck, Case of Food Poisoning in Man, probably associated with the Consumption of, 131.
Eggs of *Fasciola hepatica* in an Unusual Situation, 181.
Enteritis, Infections, of Young Turkeys associated with Cochlosoma sp., 255.
Epidemiology of *Trichomonas fœtus* in the United States, 144. (Abstract.)
Equine Periodic Ophthalmia, Role of Nutrition in, 186. (Abstract.)
Etiology of Pellagra, Maize in the, 186. (Abstract.)
Experiments to Ascertain the Effects of Certain Chemical Solutions on Anthrax Spores, 64.

F

Fasciola hepatica, Eggs of, in an Unusual Situation, 181.
Feed Supplement in Calves, Cod-liver Oil as a, 161. (Abstract.)
Fever, Swine, Diagnosis of, 251. (Abstract.)
Fluctuations in Numbers of *Trichomonas fœtus*, 185. (Abstract.)
Fly, House, D.D.T. Treatment of Manure to Control, 162. (Abstract.)
Food Poisoning in Man, a Case of, probably caused by the Consumption of a Duck Egg, 131.
For Accurate Diagnosis of Bovine Mastitis Infections, 249. (Abstract.)
Fowl, Domestic, Lymphatic System of the, 171.
Fowl, Laryngotracheitis in; a Method of Treatment, 112.

G

Goat, Horned, a Case of Intersexuality (Hermaphrodism) in a, 150.

H

Hæmopoises Local, as seen in the Abomasum of Cow and Sheep, 191.
Health, Animal, Vitamins in, 215 and 263.
Hog Cholera, Diagnosis of, 251. (Abstract.)
Hog Cholera in the United States, 95. (Abstract.)
Hormonal Therapy in Cystic Ovaries of Cows, 250. (Abstract.)
Horned Goat, a Case of Intersexuality (Hermaphrodism) in a, 150.
Horse-fly, Anaplasmosis Transmitted by the, 250. (Abstract.)
Horses, Castor-Bean Poisoning in, 136.
Horses, Lameness in, 204.
Horses, Thoroughbred, Observations on the Conditions relating to the Sale of, at Public Auctions, 66.
Human and Bovine Tuberculosis, 147.

I

Immunisation, Active, as against Passive Segregation with Reference to Tuberculosis, 259.
Impaction of the Cæcum, 154.
Infectious Enteritis of Young Turkeys associated with Cochlosoma sp., 255.
Injury, an Air-raid, 94.
Inspection, Meat, Metazoan Parasites in, 210. (Abstract.)
Intersexuality (Hermaphrodism), a Case in a Horned Goat, 150.
Invention, a New, for Veterinary Practice, 144. (Abstract.)
Isolation of *Trichomonas fœtus* in Bacteria-free Cultures by the Use of Penicillin, 116. (Abstract.)

J

Jaundice, Spirochætal — Leptospirosis or Weil's Disease, 162. (Abstract.)

K

Keds, Sheep, the Use of D.D.T. against, 180.

L

Lacerations, Perineal, Third Degree, Surgigal Treatment of, 113. (Abstract.)
Lameness in Horses, 204.
Laryngotracheitis in the Fowl—a Method of Treatment, 112.
Life-Cycle of a Species of Diphyllobothrium in Trout, 115. (Abstract.)
Light, Artificial, Effects of, on Growing Chicks, 211. (Abstract.)
Local Hæmopoises as seen in the Abomasum of Cow and Sheep, 191.
Lymphatic and Arterial Systems in the Udder of the Cow, Study of, 27, 51 and 75.
Lymphatic System of the Domestic Fowl, the, 171.

M

Maize in the Etiology of Pellagra, 186. (Abstract.)
Mammary Development, Physiology of, 95. (Abstract.)
Mastitis, Chronic Contagious, Chemotherapy in the Treatment of, 88 and 99.
Mastitis, Bovine, Infectious, Accurate Diagnosis of, 249. (Abstract.)
Meat Inspection, Metazoan Parasites in, 210. (Abstract.)

XUM

Mesenteric Artery, Colic from Red Worms in the, 243.
Metazoan Parasites in Meat Inspection, 210. (Abstract.)
Microflora, Soil, Sodium Chlorate not harmful to, 161. (Abstract.)
Milk Production and Disease Control, 232.
Milk Production and Human Disease, 236.
Milk, Rothera's Test on, Diagnostic Value of, 199.
Milk, Wholesome, Production of, 95. (Abstract.)

N

New Invention for Veterinary Practice, 144. (Abstract.)
Notœdres, Scabies in Rats, Prophylactic Effect of Certain Impregnated Soaps, 159. (Abstract.)
Nutrition, Role of, in Equine Periodic Ophthalmia, 186. (Abstract.)

O

Obituary:—
Brittlebank, J. W., 21.
Clough, G. W. (an Appreciation), 68.
Dier, J. B., 96.
Observations on the Conditions Relating to the Sale of Thoroughbred Horses at Public Auctions, 66.
Observations on the Life-Cycle of Diphyllobothrium in Trout, 115. (Abstract.)
Occurrence in England of Outbreaks in Poultry resembling so-called "Pullet Disease" of America, 3.
Ophthalmia, Periodic Equine, Role of Nutrition in, 186. (Abstract.)
Os, External, Double, in Cattle, 138.
Ovaries, Cystic, of Cows, Hormonal Therapy in, 250. (Abstract.)

P

Paralysis, Spastic in Domestic Rabbits, 144. (Abstract.)
Parasites, Metazoan, in Meat Inspection, 210. (Abstract.)
Pathogenesis of the Soil—a Plea, 156.
Pellagra, Maize in the Etiology of, 186. (Abstract.)
Penicillin in Anthrax, 209. (Abstract.)
Penicillin, Use in the Isolation of *Trichomonas fœtus*, 116. (Abstract.)
Perineal Lacerations, Third Degree, Surgical Treatment of, 113. (Abstract.)
Periodic Ophthalmia, Equine, Role of Nutrition in, 186. (Abstract.)
Phosphide, Zinc, Poisoning in Poultry, 108.
Physiological Activities of Dairy Cows, Variations in some, 18 and 39.
Physiology of Mammary Development, 95. (Abstract.)
Pigeons, Homing, Radio Bewilders, 163. (Abstract.)
Poisoning, Castor-Bean, in Horses, 136.
Poisoning, Food, in Man, probably caused by the Consumption of a Duck Egg, 131.
Poisoning in Poultry, Zinc Phosphide, 108.
Poultry, Occurrence of Outbreaks of Disease in England, resembling so-called "Pullet Disease" of America, 3.
Poultry, Poisoning in, Zinc Phosphide, 108.
Presence of Left Cranial Vena Cava in a Dog, 242.
Production, Beef, 244. (Abstract.)
Production, Milk, and Disease Control, 232.
Production, Milk, and Human Disease, 236.
Production of Wholesome Milk, 95. (Abstract.)
Prophylactic Effect of certain Impregnated Soaps on Scabies in the Rat, 159. (Abstract.)
"Pullet Disease" of America, so-called, Outbreaks of Disease in Poultry in England, resembling, 3.

R

Rabbits, Domestic, Spastic Paralysis in, 144. (Abstract.)
Radio Bewilders Homing Pigeons, 163. (Abstract.)
Reaction of Three Different Bacon Brines on Pathogenic Bacteria, 123.
Red Worms in the Mesenteric Artery, Colic from, 243.
Relationship of Bovine to Human Tuberculosis, 195.
Reviews:—
A History of Medicine (D. Guthrie), 280.
Index of Diagnosis for the Canine and Feline Surgeon (H. Kirk), 72.
Lander's Veterinary Toxicology (J. A. Nicholson), 187.
Livestock Improvement in Relation to Heredity and Environment (J. E. Nichols), 165.
Physiology of Farm Animals (F. H. A. Marshall and E. T. Halnan), 188.
Rabbits' Ailments (W. P. Blount), 212.
Radiology in Canine Practice (G. Schnelle), 166.
The Authentic Arabian Horse and His Descendants (Lady Wentworth), 211.
The Bloodstock Breeders' Review, 119.
The Fœtal Circulation (A. E. Barclay, K. J. Franklin and Marjorie M. L. Prichard), 120.
The Infectious Diseases of Domestic Animals with Special Reference to Etiology, Diagnosis and Biologic Therapy (W. A. Hagan), 187.
The Perfect Follower (H. Higginson), 72.
Rothera's Test on Milk, Diagnostic Value of, 199.

S

Scabies in the Rat, Effects of Certain Impregnated Soaps, 159. (Abstract.)
Sheep and Cow, Local Hæmopoises, as seen in the Abomasum of, 191.
Soaps, Certain Impregnated, Effects on Scabies in Rats, 159. (Abstract.)
Sodium Chlorate not harmful to Soil Microflora, 161. (Abstract.)
Soil Microflora, Sodium Chlorate not harmful to, 161. (Abstract.)
Soil, the Pathogenesis of—a Plea, 156.
Spastic Paralysis in Domestic Rabbits, 144. (Abstract.)

Spirochætal Jaundice, 162. (Abstract.)
Study of the Arterial and Lymphatic Systems of the Udder of the Cow, 27, 51 and 75.
Surgical Treatment of Third Degree Perineal Lacerations, 113. (Abstract.)
Swine Dysentery, a Vibrio associated with, 161. (Abstract.)
Swine Fever, Diagnosis of, 251. (Abstract.)
System, Lymphatic, of the Domestic Fowl, 171.
Systems, Arterial and Lymphatic, of the Udder of the Cow, 27, 51 and 75.

T

Therapy, Hormonal, in Cystic Ovaries of Cows, 250. (Abstract.)
Thoroughbred Horses, Observations on the Conditions relating to the Sale of, at Public Auctions, 66.
Treatment of Chronic Contagious Mastitis, Chemotherapy in the, 88 and 99.
Treatment, Surgical, of Third Degree Perineal Lacerations, 113. (Abstract.)
Trichinosis in the United States, 144. (Abstract.)
Trichomonas fœtus, Fluctuations in Numbers of, 185. (Abstract.)
Trichomonas fœtus, Isolation by Use of Penicillin, 116. (Abstract.)
Tuberculosis, Active Immunisation as against Passive Segregation, 259.
Tuberculosis, Human and Bovine, 147.
Tuberculosis, Relationship of Bovine to Human, 195.
Turkeys, Young, Infectious Enteritis of, associated with Cochlosoma sp., 255.

U

Udder of the Cow, Study of the Arterial and Lymphatic Systems of the, 27, 51 and 75.
Use of D.D.T. against Sheep Keds, 180.

V

Variation in some Physiological Activities of Dairy Cows, 18 and 39.
Vena Cava, Left Cranial, Presence of, in a Dog, 242.
Veterinary Aspect, Study of Animal Behaviour, from the, 10 and 33.
Veterinary Practice, a New Invention for, 144. (Abstract.)
Vibrio associated with Swine Dysentery, 161. (Abstract.)
Vitamin-A Deficiency — Bovine Acetonæmia, 249. (Abstract.)
Volume, Blood, of Animals, 162. (Abstract.)

W

Warbles—Cattle-Bugs, Campaign against, 113. (Abstract.)
Worms, Red, in the Mesenteric Artery, Colic from, 243.

Z

Zinc Phosphide, Detection of, 111.
Zinc Phosphide Poisoning in Poultry, 108.

SAMUEL TEMPLE & CO., LTD., 271B, KING STREET, HAMMERSMITH, W.6.
